- 1. *WALKING THE BIBLE, A Journey by Land Through the Five Books of Moses* by Bruce Feiler DVD (View 35-40 minute segments for 6-7 viewings.) **new...shown APT. Excellent feedback.****

WALKING THE BIBLE presents one man's epic journey—by foot, jeep, rowboat, and camel—through the greatest stories ever told. From crossing the Red Sea to climbing Mount Sinai to touching the burning bush, Bruce Feiler's inspiring odyssey will forever change your view of history's most legendary events.

The stories in the first five books of the Bible, also known as the Torah, come alive as Feiler searches across three continents for the stories and heroes shared by Christians and Jews. You'll visit the slopes of Mount Ararat, where Noah's ark landed, trek to the desert outpost where Abraham first heard the words of God, and scale the summit where Moses received the Ten Commandments.

NOTE: The video is based on Bruce Feiler's book, *WALKING THE BIBLE, A Journey by Land Through the Five Books of Moses*. He also wrote **ABRAHAM** right after September 11, 2001 and **WHERE GOD WAS BORN** in 2005.
